Worden Personal

WORDEN, March 16.—R. W. Tower transacted business in Klamath Falls Monday and Tuesday of this week.

GERMAN CUNNING IN DARDANELLES

CALIFORNIA MAN SAYS LORD KITCHENER HAD ALL PLANS LAID FOR SUCCESS, BUT THAT TREACHERY THWARTED HIM

LOS ANGELES, March 16.—Not a blunder, but German cunning in learning of the British plans, caused the failure of the British expedition against the Dardanelles, is the declaration of a Southern California man in close business and political touch with the entente powers. He declares that Kitchener planned the Dardanelles down to the most minute detail, and then bought the Turkish commanders of the forts. The commanders, for a price, promised to shoot over the British warships when the attack started. Then the Germans became suspicious, and suddenly replaced the Turkish officers with Germans, who shot to hit.

"Kitchener was no fool, and if he had not had such an arrangement with the Turks he never would have permitted his ships and men to attack," the Californian declares.

MARCH WEATHER IS FORECASTED

REV. J. S. RICARD OF SANTA CLARA UNIVERSITY SAYS THAT STORMS AND COLD WAVES ARE COMING

Rev. Father J. S. Ricard of Santa Clara University has the following to say in his magazine, "The Sunspot," of the weather during March:

"The weather energies, which have lain dormant during the first half of February and which have waked up to a moderate degree of activity during the latter half, will continue, to an equally moderate extent, to be active during a good portion of March.

"The amount of rainfall over the coast, though largely unequally distributed, will, no doubt, be generous enough to insure satisfactory surface crops, and to keep up the vigorous life of our innumerable fruit trees.

"Moderate warm and stormy waves will set upon the coast on the following dates: March 9, 13, 16, 20, 24, 27, 30, April 3, 7, 10.

"The meaning is that areas of low pressure will begin to arrive from the ocean on the above dates. The length of their stay here depends much on the point of landing and, above all, on the storm track, namely, the line traced across the country from west to east by the storm center.

"We cannot too often repeat that the synchronism established between sun spots and weather holds with special reference to storms, by which we mean moving areas of low pressure, and to their opposites, to-wit: those areas of high pressure which clean up the atmosphere and generate the finest kind of weather, clear nights and frosty mornings.

"Clouds, rain, snowfall, winds, temperature, humidity, etc., are mere features or accidents of storms, not their substance. The accidents vary indefinitely and seldom repeat themselves; so that the wish to discover a trace of synchronism between them and sun spots would seem to be a variety of vanities. (From this category we should except temperature, between which and sun spots the Smithsonian has found a correspondence.)

"No sooner is a storm wave waning than it is followed by a system of rising pressures; it is the so-called cool or cold wave. During March their dates of entrance stand as follows: March 9, 12, 16, 20, 23, 26, 30, April 3, 6, 10."

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to carry in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking, and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.—Advt.

NEARLY HALF OF FARMERS LEASE

FIFTY-THREE PER CENT IN TEXAS DO NOT OWN LAND, AND COMMISSIONERS SAY HIGH COST OF LIVING WILL INCREASE

LOS ANGELES, March 16.—That nearly half of the farmers in the United States are tenants, and that that condition is the "blight of agriculture" is the statement made by Frederick C. Howe, commissioner of immigration for the port of New York to a United Press reporter. Howe is an ardent single taxer, and believes that the single tax is the best method of decreasing tenancy.

Howe quotes figures showing that 53 per cent of the farmers in Texas do not own their land, and in Oklahoma the percentage is 55, and runs as high as 68 per cent in some counties of that state.

"We are going to see a continual increase in the cost of living unless we work out some constructive plan for getting the people back to the land," Howe declared.

"And that ought to be a relatively easy thing in this country, with the resources at our disposal. One of the obstacles in the way is land monopoly. It is stated on good authority that 200,000,000 acres, or about a fourth of the cultivatable acreage of America, is owned in great estates, some of them millions of acres in extent."

New Beauty Will Lead Suffragettes

Miss Vida Milholland, sister of Mrs. Ines Milholland Boieswain, who died in California while on a suffrage campaign, aspires to the position her sister held in suffrage work, and she has come forth as a new beauty to inspire suffragettes. She is identified with the Congressional Union in Washington, and she made her first appearance there when President Wilson took oath of office.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffing, mucous discharge, headache, dryness—no struggling for breath at night—your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.—Advt.

AMERICAN SLANG HEARD ABROAD

SAID TO BE A WONDERFUL AND FEARFUL THING IN HANDS OF BRITANNERS IN THIS TIME OF CLIMATES

LONDON, March 1.—(By mail)—American slang in England today is a fearful and wonderful thing. The Britishers struggle with it valiantly, as witness this squib in one newspaper just after the announcement of the German submarine decree:

"Among those seen at the steamship booking office was Mr. Alex Q. Jones of Detroit. He was most indignant in his breezy American way. 'Alex Q. Jones is taking passage for little old Detroit,' he declared, 'and if the Germans think they can frighten him off the big drink by their methods they have taken a long slide into the wrong guess shop. Maybe President Wilson doesn't think it worth while to protect Alex Q. Jones, but the Yankee Doodle boys in congress will let Germany know where she aights and Alex Q. Jones will jolly well take his chances.'

The paragrapher of the Pall Mall Gazette did a little better in discussing what he said was recent news from the United States.

"They are now calling Count von Bernstorff a Spanish athlete," he said. To understand this you must know that the very latest American slang is 'throwing the bull.' Therefore one who throws the bull would be a Spanish athlete."

GLASS OF SALTS CLEANS KIDNEYS

IF YOUR BACK HURTS OR BLADDER BOTHERS YOU, DRINK LOTS OF WATER

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Advt.

Morse's Never-failing Seeds

For best results in Spring flowers and vegetables. Plant now—9 cent postpaid other Grand Price

California Seeds

Also Cabbages, Carrots, Onions, Beans, Peas, Spinach, Turnips.

Don't take seeds that are "just as good." Get Morse's.

On Sale by all Leading Dealers. If your dealer does not carry Morse's seeds, send for our catalogue. Your order will be promptly attended to.

Seedsmen San Francisco

DON'T HURT A BIT!

Lift your old, torturous corns and calluses right off with the fingers.

This tiny bottle holds the wonder of wonders. It contains an almost magical drug discovered by a Cincinnati man. It is a compound made from ether.

Apply a few drops of this freezone upon a tender, aching corn of a hardened callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you just lift it off with the fingers.

You feel no pain or soreness when applying freezone or afterwards. It doesn't even irritate the skin.

Just ask in any drug store for a small bottle of freezone. This will cost but a few cents, but will positively rid your poor, suffering feet of every hard corn, soft corn or corn between the toes, or the tough calluses on bottom of feet. Genuine freezone has a yellow label. Look for yellow label.—Advt.
